19th Ward Education Proposal Statement

October 6, 2016

It is the position of the Annie Keller Regional Gifted Center Local School Council that we are opposed to the 19th Ward Education Proposal released by Alderman Matt O’Shea, 19th Ward, on September 6, 2016.

We believe moving the school is not in the best interest of Keller. Nor, do we believe it is a long term solution to the fundamental problem of overcrowding at Mount Greenwood Elementary School or other educational concerns for ALL students in the 19th Ward.
